**REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION  
BY THE INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

**TO THE BOARD OF DIRECTORS**

**TRINITY WATTHANA PUBLIC COMPANY LIMITED**

We have reviewed the consolidated statement of financial position of Trinity Watthana Public Company Limited and its subsidiaries (the “Group”) and the separate statement of financial position of Trinity Watthana Public Company Limited (the “Company”) as at March 31, 2026, and the related consolidated and separate statements of comprehensive income, changes in shareholders’ equity and cash flows for the three-month period then ended, and the condensed notes to the financial statements. The Company’s management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard No. 34 “Interim Financial Reporting”. Our responsibility is to express a conclusion on this interim financial information based on our review.

**Scope of Review**

Except as explained in the following paragraph, we conducted our review in accordance with Thai Standard on Review Engagements 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Basis for Qualified Conclusion

- 1) We expressed a qualified opinion on the consolidated and separate financial statements for the year ended December 31, 2025, report dated on March 2, 2026 and concluded a qualified conclusion on the interim consolidated and separate financial statements for the three-month period ended March 31, 2025, report dated on May 14, 2025 because the securities and derivative business receivables of Baht 1,953 million of Trinity Securities Company Limited, which is a subsidiary of the Company, as presented in the consolidated statement of financial position as at December 31, 2025 (As at March 31, 2025: Baht 2,237 million), included securities business receivables of Baht 479 million that had defaulted on payments for outstanding positions resulting from purchase orders made for shares of a listed company that the Stock Exchange of Thailand identified as potentially abnormal purchase and sale transactions in November 2022. The management of the Company and the subsidiary have determined that this event constitutes an abnormal transaction, as it was carried out with fraudulent intent. Such conduct is prohibited by law. On November 15, 2022, the subsidiary filed a complaint alleging fraudulent conduct with the Economic Crime Suppression Division of the Central Investigation Bureau (“ECD”). Moreover, on February 16, 2023, the subsidiary filed a petition for protection of its rights from the predicate offense and submitted supporting evidence that details the damage incurred and the amount of damages suffered to the authorities at the Anti-Money Laundering Office (“AMLO”), are currently undergoing judicial proceedings, which have made progress as disclosed in Note 8 to the financial statements. On July 18, 2025, the Civil Court has issued an order to seize assets according to the assets listed in the asset inventory document marked as Exhibit R.11 (“Asset Inventory”) are connected to fraudulent acts under the Criminal Code, which are considered ordinary business offenses and constitute predicate offenses under Section 3(18) of the Anti-Money Laundering Act B.E. 2542 (1999). Accordingly, the Court ordered that the assets, together with any accrued benefits as specified in the asset inventory, be returned or compensated to ten securities companies identified as injured parties, in proportion to the damages sustained by each company, as listed in the asset inventory submitted by the injured parties. In the event that restitution or compensation cannot be made, or if there are remaining assets after restitution or compensation has been completed, such assets shall be forfeited to the state in accordance with the Anti-Money Laundering Act. As a result, we were also unable to obtain sufficient appropriate audit evidence about the value of allowance for expected credit losses as at December 31, 2025 which the subsidiary has estimated of Baht 14 million (As at March 31, 2025 : Baht 25 million). Consequently, we were unable to determine whether any adjustments to the amount of allowance for expected credit losses was necessary, as the case outcome remains non-final. If adjustments are necessary for the aforementioned transaction, the total assets and deficit in the consolidated and separate statements of financial position (which presented investments in subsidiaries under the equity method) as at January 1, 2025 and December 31, 2025 and the interim consolidated and separate statements of financial position (which presented investments in subsidiaries under the equity method) as at March 31, 2025 will decrease and increase, respectively, and this will have an impact on the profit or loss for the year and total comprehensive income in the consolidated and separate statements of comprehensive income for the year ended December 31, 2025 and for the three-month period ended March 31, 2025. We therefore expressed a qualified opinion on the consolidated and separate financial statements for the year ended December 31, 2025 and we concluded a qualified conclusion on the interim consolidated and separate financial statements for the three-month period ended March 31, 2025. Moreover, we also expressed a qualified opinion on the consolidated and separate financial statements for year ended December 31, 2025, and we concluded a qualified conclusion on the interim consolidated and separate financial statements for the three-month period ended March 31, 2025, because of the effect of above matters on the comparability of the current period’s figures and the corresponding figures.

- 2) For the review of the interim consolidated and separate financial statements for the three-month period ended March 31, 2026, the securities and derivative business receivables of Baht 2,085 million of Trinity Securities Company Limited, which is a subsidiary of the Company, as presented in the consolidated statement of financial position as at March 31, 2026, included securities business receivables of Baht 479 million that had defaulted on payments for outstanding positions resulting from purchase orders made for shares of a listed company as outlined in paragraphs 1) of the Basis for Qualified Conclusion section, has been under judicial process. Currently, the public prosecutor has filed answers to all respondents' appeals, and the case is now in the stage where the Civil Court is compiling the appeals and the corresponding answers in preparation for transmission to the Court of Appeal as disclosed in Note 6 to the financial statements. As a result, we were also unable to obtain sufficient appropriate audit evidence about the value of allowance for expected credit losses as at March 31, 2026 which the subsidiary has estimated of Baht 14 million. Consequently, we were unable to determine whether any adjustments to the amount of allowance for expected credit losses was necessary, as the case outcome remains non-final. If adjustments are necessary for the aforementioned transaction, the total assets and deficit in the consolidated and separate statements of financial position (which presented investments in subsidiaries under the equity method) as at January 1, 2026 and March 31, 2026 will decrease in total assets and an increase in accumulated losses and this will have an impact on the profit or loss for the period and total comprehensive income in the consolidated and separate statements of comprehensive income for the three-month period ended March 31, 2026. We therefore concluded a qualified conclusion on the interim consolidated and separate financial statements for the three-month period ended March 31, 2026. Moreover, we also concluded a qualified conclusion on the interim consolidated and separate financial statements for the three-month period ended March 31, 2026 because of the effect of above matters on the comparability of the current period's figures and the corresponding figures.

### **Qualified Conclusion**

Except for the possible effects of the matter described in the Basis for Qualified Conclusion paragraph, based on our review, nothing has come to our attention that causes us to believe that the aforementioned interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting".

## **2. BASIS FOR PREPARATION AND PRESENTATION OF THE INTERIM CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS**

- 2.1 These interim consolidated and separate financial statements are prepared in Thai Baht and in compliance with Thai Accounting Standard No. 34 “Interim Financial Reporting” and accounting practices generally accepted in Thailand. The Company presents the condensed notes to interim financial statements and the additional information is disclosed in accordance with the regulations of the Office of the Securities and Exchange Commission.
- 2.2 The unaudited results of operations presented in the three-month period ended March 31, 2026 are not necessarily an indication nor anticipation of the operating results for the full year.
- 2.3 Certain financial information which is normally included in the annual financial statements prepared in accordance with TFRS, but which is not required for interim reporting purposes, has been omitted. Therefore, the interim financial statements for the three-month period ended March 31, 2026 should be read in conjunction with the audited financial statements for the year ended December 31, 2025.
- 2.4 Material intercompany transactions between the Company and its subsidiaries have been eliminated from this interim consolidated financial statements.

2.5 Thai Financial Reporting Standards affecting the presentation and disclosure in the current period financial statements

During the period, the Group adopted the revised financial reporting standards issued by the Federation of Accounting Professions, which are effective for fiscal years beginning on or after January 1, 2026. These revisions were made to align the standards with the International Financial Reporting Standards and involve amendments to accounting requirements, as follows:

- Thai Accounting Standard No.21 “The Effects of Changes in Foreign Exchange Rates”, require entities to apply a consistent approach in assessing whether one currency is exchangeable into another currency, by specifying how to assess whether a currency is exchangeable and how to determine the exchange rate in circumstances in which exchangeability is lacking.

The adoption of these financial reporting standards does not have any significant impact on the financial statements of the Group.

**3. MATERIAL ACCOUNTING POLICIES INFORMATION**

The interim financial statements have been prepared based on the basis, accounting policies and method of computation consistent with those used in the financial statements for the year ended December 31, 2025.

**4. RELATED PARTY TRANSACTIONS**

Related person or parties of the Company are defined as persons or entities that control the Company or are controlled by the Company, whether directly or indirectly or are under the same control as the Company including holding companies. In addition, related person or parties also include individuals owning, directly or indirectly, and interest in the voting shares of the Company, and have significant influence over the Company, key management personnel, directors or officers of the Company. This also applies to the close members of the family of such individuals and companies associated with these individuals.

In considering each possible related person or parties relationship, attention is directed to the substance of the relationship, not merely the legal form.

Transactions with related person or parties are conducted at market prices or, where no market price exists, at contractually agreed prices. There were no significant changes in the transfer pricing policy of transactions with related parties during the current period.

Relationships with related parties, were as follows:

Securities and derivatives business receivables of Trinity Securities Company Limited, which is a subsidiary of the Company, as presented in the consolidated statements of financial position as at March 31, 2026 in the amount of Baht 2,085 million (December 31, 2025: Baht 1,953 million), included securities business receivables amounting to Baht 479 million that had defaulted on payments of outstanding positions resulting from purchase orders made for shares of a listed company that the Stock Exchange of Thailand (“SET”) identified as potentially abnormal purchase and sale transactions in November 2022. On November 15, 2022, the subsidiary filed a complaint alleging fraudulent conduct with the Economic Crime Suppression Division of the Central Investigation Bureau (“ECD”), requesting to proceed with a case against the receivable and any other individuals involved or previously involved with the receivable for the fraud under the Criminal Code with a nature of regular or business conduct, which is a predicate offense under the Anti-Money Laundering Act B.E.2542 (1999).

In addition, on February 10, 2023, the Securities and Exchange Commission (“SEC”) stated to the ECD that the receivable and 18 co-offenders had caused the general public to misunderstand the price or volume of securities transactions, thereby violating the Securities and Exchange Act B.E.2535 (1992) and constitutes an unfair practice that constitutes a criminal offense under the Anti-Money Laundering Act B.E.2542 (1999). The SEC reported the case to the Anti-Money Laundering Office (“AMLO”) for further action.

Subsequently, on February 16, 2023, the special prosecutor under the Office of the Attorney General determined that the gathered evidence showed that the accused and its associates involved or previously involved with the offender of the fraudulent activities, and therefore filed a petition with the court. Moreover, on February 16, 2023, the Civil Court issued an emergency motion for the temporary seizure and attachment of assets related to the alleged wrongdoing until it is otherwise adjudicated. On the same date, the subsidiary filed a petition for protection of its rights from the predicate offense and submitted supporting evidence that details the damage incurred and the amount of damages suffered to the authorities at the AMLO. This action was taken to enable the AMLO and the public prosecutor to pursue legal action to obtain compensatory damages.

On June 27, 2023, the SEC filed an accusation the 32 offenders with the ECD, which resulted from the SEC’s review of additional offenses related to manipulate the price or volume of “MORE” securities. In addition, evidence substantiating the collaboration among these offenders to manipulate the price or volume of “MORE” securities was discovered during the period from July 18, 2022 to November 10, 2022. These offenders submitted trading orders in a continuous manner, leading the general public to misunderstand the price or volume of securities transactions, for the purpose of making the price or volume of “MORE” deviate from the market’s normal condition. This violates Section 244/3 (1) and (2) in conjunction with Section 244/5 and Section 244/6 (as the case may be) of the Securities and Exchange Act. The benefits that all individuals received or should receive represent a total of approximately Baht 800 million. Consequently, the SEC filed an accusation against the 32 offenders with the ECD for further legal proceedings. Additionally, the SEC reported the case to the AMLO for further action as these offenses constitute an unfair practice in trading securities and derivatives.

On August 28, 2023, the court scheduled a hearing of the petition or the establishment of the course of prosecution. The court has scheduled the examination of witnesses for the petitioner and the respondent, for the period from October 2024 to March 2025. Subsequently, on October 4, 2023, the SEC announced the progress that the Department of Special Investigation (“DSI”) had received the case as special case.

Subsequently, the subsidiary received a letter from the AMLO dated November 21, 2023 regarding the outcome of the investigation. The letter informed the subsidiary of the decision that the subsidiary was a victim of the primary offense in such case, resulting in damages of Baht 478.5 million. Any recoverable damages or compensation will be distributed proportionately.

On May 2, 2024, the investigative team of the Central Investigation Bureau (“CIB”), in collaboration with the DSI, presented the investigative files, evidence, and their recommendations to prosecute all 42 suspects involved, based on the nature of the offenses committed by each individual. Subsequently, the suspects were handed over to the public prosecutor of the Special Case Office for further legal proceedings.

Subsequently, on December 13, 2024, the Civil Court issued an order for the temporary seizure and attachment of additional assets related to the alleged wrongdoing until it is otherwise adjudicated.

In 2024, the fair value of the seized assets, which include ordinary shares, decreased. Meanwhile, the court of the first instance made significant progress, with the examination of witnesses completed by mid-March 2025 and schedule for hearing to read the court order in July 2025. Based on consultation with the Subsidiary’s legal advisor anticipates that the distribution of the seized assets to the victims may occur in 2027.

On July 18, 2025, the Civil Court has issued an order to seize assets according to the assets listed in the asset inventory document marked as Exhibit R.11 (“Asset Inventory”) are connected to fraudulent acts under the Criminal Code, which are considered ordinary business offenses and constitute predicate offenses under Section 3(18) of the Anti-Money Laundering Act B.E. 2542 (1999). Accordingly, the Court ordered that the assets, together with any accrued benefits as specified in the asset inventory, be returned or compensated to ten securities companies identified as injured parties, in proportion to the damages sustained by each company, as listed in the asset inventory submitted by the injured parties. In the event that restitution or compensation cannot be made, or if there are remaining assets after restitution or compensation has been completed, such assets shall be forfeited to the state in accordance with the Anti-Money Laundering Act. Accordingly, the case is currently, the public prosecutor has filed answers to all respondents’ appeals, and the case is now in the stage where the Civil Court is compiling the appeals and the corresponding answers in preparation for transmission to the Court of Appeal. Based on the progress of the legal case and the Subsidiary’s legal advisor’s assessment, it is anticipated that the distribution of the seized assets to the victims may occur in the year 2027.

Consequently, the Subsidiary has estimated an allowance for expected credit losses as at March 31, 2026 and December 31, 2025, in the amount of approximately Bath 14 million. This estimate reflects the present value of the assets the Subsidiary expects to recover in proportion to the damages incurred. The estimation is based on several assumptions, including the outcome of the Court's ruling, the process of distributing the seized assets to the injured parties, the expected timeline for each stage of the legal proceedings, the assumption that the transactions in question are null and void as if they had never occurred, and that the damages will be fully recovered from the assets seized under the Court's order within the anticipated timeframe. It also assumes that the civil asset forfeiture process will not be directly affected by the ongoing criminal proceedings.

2. Passed a resolution to the issuance and offering of warrants granting the right to purchase the newly issued ordinary shares (TNITY-W2) to the existing shareholders in proportion to their respective shareholdings (Rights Offering). A total of 53,601,211 units will be issued at no cost. The warrants have a term of two years from the issuance date. The exercise ratio is one warrant unit entitling the holder to purchase one newly issued ordinary share at Baht 5 per share with the exercise right every 6 months. The exercise price is subject to adjustment in accordance with specified conditions.
3. Passed a resolution the capital increase plan under the General Mandate to offer shares to specific investors on a private placement basis, with a total amount not exceeding Baht 107,202,420 (equivalent to approximately 10% of the Company's paid-up registered capital). This will be achieved through the issuance of up to 21,440,484 newly issued ordinary shares with a par value of Baht 5 per share.
4. Passed a resolution the increase in registered capital to accommodate the issuance of warrants to purchase ordinary shares in the amount of 53,601,211 shares with the par value of 5 Baht per share.
5. Passed a resolution to increase in the Company's registered capital of Baht 375,208,475, from Baht 1,072,024,230 to Baht 1,447,232,705, through the issuance of 75,041,695 new ordinary shares with the par value of Baht 5 per share. The Company registered the capital increase with the Department of Business Development, Ministry of Commerce on May 22, 2025.
6. Passed a resolution to allocation of up to 53,601,211 newly issued shares with a par value of Baht 5 each to accommodate the exercise rights under the TNITY-W2 warrants issued to shareholders.
7. Passed a resolution to the allocation of up to 21,440,484 newly issued shares with a par value of Baht 5 each to accommodate the exercise of rights under the General Mandate for the purchase of the Company's ordinary shares offered to specific investors on a private placement basis.

## **19. LEGAL RESERVES**

Section 116 of the Public Limited Companies Act B.E. 2535 requires that a company shall allocate not less than 5% of its annual net profit less the accumulated losses brought forward, if any, to a reserve account ("legal reserve"), until this account reaches an amount not less than 10% of the registered capital. The legal reserve is not available for dividend distribution.

## 21. SEGMENT INFORMATION

Operating segment financial information is presented in respect of the Group's business segments.

Operating segment information is reported in a manner consistent with the internal reports that are regularly reviewed by the chief operating decision maker ("CODM") in order to make decisions about the allocation of resources to the segment and assess its performance.

Segment results and operating assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

**The Group comprises 2 main business segments as follows:**

**Segment 1 : Securities and derivatives business**

**Segment 2 : Financial advisory business and investment banking**

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (loss) before income tax, as included in the internal management reports that are reviewed by the Group's CODM. Segment profit (loss) after income tax is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

### **Geographic segments**

Management considers that the Group operates in a single geographic area, mainly in Thailand. Therefore, there is only one major geographic segment.

### **Major customer**

During the three-month periods ended March 31, 2026 and 2025, the Group had no revenue from sales and services to any third party customers with a payment of 10% or more of total revenue

The following tables present revenue and profit or loss information regarding the Group's operating segments for the three-month periods ended March 31, 2026 and 2025.

### 22.2 Contingent liabilities from litigation

On September 13, 2024, a labour case was filed against the Company by a former employee, seeking the return of a work guarantee fund that had been deducted by the Company to compensate damages caused by the former employee while performing their duties. This deduction was made in accordance with the attachment to the employment contract that the former employee had signed upon commencement of their employment. The former employee claimed damages, amount of Baht 6 million, with interest at a rate of 15 percent per annum from the date of the lawsuit until full payment is made. The Company has denied the allegation and filed a counterclaim in Court amount to Baht 7 million in damages for the former employee's performance. The court rendered its judgment on September 30, 2025, ordering the Company to pay compensation to the former employees according to the plaintiff's tenure in the amount of Bath 0.80 million with interest at the rate of 15% from October 10, 2024 until the payment is completed, and order the former employees to pay damages for the performance of duties to the company in the amount of Bath 7.06 million with interest at the rate of 5% of the principal from August 22, 2024 until the payment is completed. The plaintiff has appealed to the Special Appeals Court, and the Company has filed a counter-appeal. At present, the Special Appeals Court is scheduled to deliver its judgment in October 2026. The management anticipates that the Company will not suffer significant damage from the cases, as according to the opinion of the legal advisor, it is anticipated that the Specialized Appeal Court will uphold the judgment of the Court of First Instance. Accordingly, the Company will be entitled to file a petition with the court to enforce the judgment against the former employee, requiring the former employee to repay the Company the outstanding debt in the amount of the difference as determined by the court ruling.

On January 29, 2025, three former employees filed labour cases against the Company, seeking the return of the work guarantee fund that had been deducted by the Company to compensate for damages caused by the former employees while performing their duties. This deduction was made in accordance with the attachment to the employment contract that the former employees had signed upon commencement of their employment. The former employees claimed damages, with a total disputed amount of Baht 5 million, with interest at a rate of 15 percent per annum from the date of the lawsuit until full payment is made. This case has been scheduled for judgment on January 27, 2026. The plaintiff submitted a reply to the appeal before the Court of Appeal on March 23, 2026. The management anticipates that the Company will not suffer significant damage from the cases, as according to the opinion of the legal advisor, the Company has right to deduct the work guarantee to compensate for losses in accordance with the contract. Therefore, the Company is not obligated to return the work guarantee fund to the employees under the Labor Protection Act.
